Your project idea

The Take a Hike Connecticut app would be the first of a 50 state rollout to encourage hiking and the enjoyment of the great outdoors. The app gives users the ability to research hiking destinations with relevant information to help plan their outing.

List of models and their properties

Trail

- Name
- Location
- Image
- Difficulty
- Length
- Terrain
- Duration
- Site Link

Reviews

- title
- rating (1-5)
- body
- author

Scrum manager/project manager's name

Tony Bosco

User stories

- As a user, I want to easily search for hiking trails on the site
- As a user, I want to search by name or location
- As a user, I want to be able to click images and be directed to detailed information
- As a user, I want to see reviews and insights from other hikers
- As a user, I might be interested in saving the information I have found

MVP Goals

- Front/Back End Functionality
- Components (Header, Image Cards, Search Box/Results, Info Card, Reviews, Button, Menu)
- Responsive (include mobile)

Stretch

- User profile
- Backpack storage
- Post a review
